

Our School Code of Conduct

In our school community we celebrate being different.

We learn and play together knowing that we have different skin, hair, eyesight, bodies, tastes, abilities, gender, languages and religions.

We know it is the person on the inside that counts, not the appearance on the outside.

We are kind and friendly to people who are faster or slower, taller or shorter, younger or older, thinner or fatter, darker or lighter, stronger or weaker, healthy or ill.

It is up to us all to make unkindness fade away and disappear for good.
