VPJS Weekly News

www.victoriaparkschool.co.uk

26th April 2024

Another busy week here at VPJS where Year 3 enjoyed their Stone Age to Iron Age workshop on Tuesday and the Eco Savers spent a morning at Lancashire County Cricket Club. We welcome Miss Raynor who will be teaching across the school. Also well done to the football team who played on Wednesday, you again played with lots of enthusiasm and did not give up. I hope that you all have a lovely weekend. Let us hope that we get some dry and warmer weather. Take Care.
Mr. Wilkinson

Something to think about…

> Positivity always wins. Always.

Our Values & Learner Attitudes

Our school Values and Learner Attitudes are a key part of our VPJS curriculum. It is really important that all of the children are continuing to improve their Self Manager skills. This includes them taking responsibility for themselves and organising their own equipment.

The children need to make sure that they have everything they need when they arrive at school including: a water bottle, packed lunch (if they have one), coat, homework and sports kit for a club (if they need it). This also includes the children remembering their musical instruments – Year 3 have their ukulele lesson every Tuesday. The children in 4M need to remember their swimming kit every Thursday.

Please can we ask that you have a conversation with your child to ensure they are fully prepared every morning and are not relying on you to drop anything they have forgotten off at school.

Our Values Display

As part of the values display, Miss Tidman asked the children in assembly what they LOVE at VPJS. These are some of their responses (in no particular order):

Golden time; reading in the library; Junior Hub, variety of subjects (including: art, D.T., history, geography, writing, computing and music) playing with friends; helping; home learning challenges; clubs; buddy time; books; teachers and everything!

Our Values: Respect, Equality, Aspiration, Responsibility, Love, Courage
