28<sup>th</sup> April 2025

Dear Parents/Carers,

## A visit from some falconry friends!

In Year 6, we have been inspired by our Evolution topic and the owls in Harry Potter. We aim to become experts in all things falconry and therefore have invited Falconry UK into school on Wednesday 21<sup>st</sup> May and bring their birds with them so we can learn even more. The birds will be in school all day where children will be introduced to the birds and their handlers, have an opportunity to handle the birds themselves, learn about them as creatures and ask questions.

The cost of this experience is £10.00 per child. However, if you are unable to pay the full amount then we are asking for a minimum contribution of £5.00. This should be paid on Parentpay. The amount payable on Parentpay can be changed from anything between £5.00 and £10.00. **If you have any problems making payment, please contact the school office.**

Thank you for your continued support in your child's learning and development.

Mrs. Biddulph    Mr. Holstein
