18<sup>th</sup> December 2023

Dear Parents and Carers,

Thank you for your patience and understanding today. We know it is not easy to make arrangements at such short notice. The decision to close school today was due to the advice from Electricity North West that the external fault would take at least 6 hours to fix. We had no power, hot water or phones and our risk assessment led to the decision to close the school.

**We will be open as usual tomorrow** and this includes the Junior Hub. We have spoken to Electricity North West who have advised that they are fixing the fault and currently have a back-up system in place.

## **Arrangements For Tuesday 19<sup>th</sup> December**

Children need to come to school in their party clothes and bring their own snack for the parties in the afternoon.

Secret Sale for Years 3 and 4 will take place in the morning.

School closes for the Christmas holidays until Thursday 4<sup>th</sup> January 2024. The Junior Hub will be open after school.

Thank you again for your understanding.

Mr. Wilkinson
