Comments:
The key theme of the book (Best friends) is friendship. I think this because one friend gets separated and they have to get together again.

Comments:
Even though Floss really wants to go with her mum and boyfriend to Australia she also wants to go with her chick. She shows love to both of them. Why does she show love?
Because they are her family.

Star circles

What are they?

Star circles are rings of stars upright in the ground. These circles are about 4m across and the stars are very tall.

There are many star circles around the world.

Why was Stonehenge built?

The reason why Stonehenge was built is a mystery but archaeologists have some theories. They think that it was built for burying famous people.

Who made Stonehenge?

Stonehenge was built by farmers but they didn't know how to do anything they had to come from far away to eat a stone.

15 in my fiction book

Outline
Ava goes through a magic portal even though her dad told her not to.

Crisis
Ava meets a girl called Florrie who is a chimney sweep. She has a horrible master.

Resolution
Ava helps Florrie to make her dreams of becoming a ballerina come true.

Review

Author: Megan McDonald

I recommend this book to someone who likes adventure, stories and exciting pictures and even lots of cliffhangers.

Judy Moody is a very curious character who can change her mood constantly.

Judy tries lots of ways to get famous but it doesn't happen. She goes to the school hospital and fixes all the broken dolls then she gets famous in the news paper.

FACT FILE:

Pollinating: Bees love pollinating flowers.

Diet: Bees eat nectar and pollen.

Stinging: If bees sting you they will die so they don't sting you for purpose.

Flowers make honey so that is why they pollinate flowers.

If the only way they would sting you is if you try to kill them!

ABOUT BEES

Glossary:

Angles: people from north Germany who settled in England in the fifth and sixth centuries.

Beacons: lights or towers on a hill or tower.

Abdication: When a monarch gives up being King or Queen.

Conservation: protection of the planet.

Molten: A liquid state.

Core: the central part of something.

To Ava

I would like to ask why if you go to school or not? I hope Florrie is ok at cleaning. Was being a chimney sweep hard? Tom would like a bit of company to me. You are very brave to go up to someone you don't even know.

Did the visitor come for your aunty by the way? You are so friendly to Florrie and Tom especially when you gave her you beautiful, bushy dress. Your sincerely Bonnie xxxxx

ALL ABOUT ICE!

Ice/Snowflake

They are known to fall at Christmas.

They form when water vapour freezes round a dust particle in the cloud.

Fact: There are lots of different shapes and sizes.

Fact: No snowflake will be the same.
