18/03/22	Crenshaw 135-155

Comments:

Jackson (from the book Crenshaw) I think he is an imaginative character because when he was 7 he had an imaginary friend (a cat) which he called him Crenshaw. Which is a really good name but really hard to thought of it.

Comments:

I think Alex is more responsible and smart because she is the only one in her class to actually put up her hand and also Alex was always helping Omar out with his homework.

Comments:

I think that Charlie has become much braver after Firetail/Cadno arrived because he went straight to Cadno when the Grendilock was there. All he cared about was Cadno's safety instead of his own.

Comments:

Matias is very mysterious and creepy sometimes. In his book, there was a picture of Maya falling and Matias riding away. Raul isn't very mysterious. Nothing unusual or creepy hasn't happened to him yet.

PAGES & CO

From what I have read I would rate this book 5 stars because I really like it. It is about a girl called Tilly and she is a bookwanderer. She can travel inside books and different stories and every time she travel into a different story she get to meet the characters. I would recommend the books to someone that love adventure.

Wonder

Beautiful illustrations

How can there be a castle in the sky?

What is dust?

How can I find out more about dust?

What's beyond the Northern lights?

I am a curious girl

I am very adventurous

My best friend is Roger

My Demon is called Pantalaimon

TIGERS

- Tigers are the largest of the big cats, with huge heads. The average male tiger's body grows to over 2m in length, plus a one-metre long tail.
- They live in Asia, but are becoming rare as their forest homes are destroyed and poachers kill them illegally. There are approximately 4000 adult tigers left in the wild.
- Tigers prey on large animals such as deer, buffalo, antelope and wild pigs. They hunt silently at night, stalking their prey, then making a sudden bound.
- Although they are fast and strong, they tire quickly, and give up if they fail to catch their prey first time.
- Tigers mark out their territory by scratching trees and urinating on them.
- Tigers are good swimmers and often lie in rivers to cool off on hot days.

Reading Activity Number: 43

Dear Goku, I have wrote ask you a to you to me thew questions.

First of all, what does it sled like to be elected as one of the world's strongest fighter? second of all, how did you feel you when you realised you were one of the only people from your race to survive?

Finally, when you beat the strongest villain you ever went against how did you feel? Thank you for readind this a soon asked 5/18/21

I have surprised, my ill

My name Ursula.

I'm bit marmalade

We need to stop the collector.

- Exoplanet** - noun A planet that orbits outside the solar system.

FROSTHEART

Dear Diary, the Frostheart has made it through Everstorm and we are in solstice. My friends aboard Frostheart are not welcome here in Solstice. I am very sad to leave my Frostheart family. I have visited the three elders in the Storm Tower and found out my dad had fled from here and my mother has never set foot in Solstice. I had gotten angry and used the bad song Shaard taught me. I ran away and sat by Rook's bed praying she would get better soon.

Yours sincere,

Ash
